SUMMARY

UI/UX Designer experienced in creating scalable design systems, high-fidelity visual assets, digital product design, motion graphics, branding, and social media creatives using Figma and Adobe Creative Suite. Skilled in creating user-centered experiences, collaborating with cross-functional teams, proficient in using AI tools, and delivering impactful visual solutions across startups, agencies, and diverse brand portfolios.

WORK EXPERIENCE

Design Intern **Jul 2026 - Present**
The Brand Palette *Chandigarh*

- Responsible for creating and editing motion graphics for brands
- Managing projects for **6+ Brands** as UI designer, UX Researcher and motion graphics video editor.
- Creating static social media posts, carousels, reels and story for social media marketing of **brands across India.**

UI/Product Designer **Jan 2026 - Mar 2026**
Orato *Remote*

- Collaborated with **3 cross-functional teams** across the USA, UAE, and India to design user-centered digital experiences and optimize website usability.
- Redesigned the company website using **20+ reusable UI components in Figma,** improving accessibility, information architecture, and user navigation.
- Developed **branding assets and design systems** to ensure visual consistency across multiple digital touchpoints.

Video Editor Intern **May 2024 - Jul 2024**
SocialKraft *Remote*

- Edited and delivered **40+ short-form video assets** for social media campaigns across multiple client accounts.
- Created motion graphics and storytelling-driven content that contributed to a **25% increase in average post engagement** on managed social channels.
- Managed **5 to 8 projects simultaneously**, consistently meeting 100% of assigned deadlines in a fast-paced agency environment.
- Optimized **video pacing, transitions, and visual storytelling** techniques to improve viewer retention and content performance.

Graphic Design Intern **Jul 2023 - Aug 2023**
CollegeTips *Remote*

- Designed **30+ posters, banners, and social media creatives** supporting marketing and student engagement campaigns.
- Collaborated with content and marketing teams to deliver visual assets for campaigns.
- Developed branding materials and promotional content that contributed to **improved campaign visibility and audience interaction** while maintaining visual consistency.

PROJECTS

Redesigning Orato | Behance **2026**
User Interface and User Experience Designer
- Developed a scalable design system and reusable UI components.
- Improved information architecture to simplify complex workflows.
- Created high-fidelity wireframes and interactive prototypes in Figma.

DHOBY: Improving Hostel & PG Laundry Services | Behance **2025**
User Experience Researcher and UI Designer
- Conducted UX research and identified operational pain points.
- Designed user flows, wireframes, customer journey map, stakeholder map, and mobile-first interfaces.
- Created a scalable service model focused on convenience and transparency.

Reimagining Mental Healthcare for Indian Gen Z | Behance **2025**
UX Researcher and UI Designer
- Conducted mixed-method UX research; interviews, surveys, and diary studies across students and teachers to map academic stress patterns and communication breakdowns affecting Gen Z aged 12–18.
- Designed user personas, empathy maps, ecosystem maps, and a full user journey to identify pain points and unmet needs within school, home, and tuition environments.
- Designed "The Pause Button"; a free, anonymous AI chatbot solution offering instant micro-support and youth-friendly emotional guidance, addressing critical gaps identified in competitor analysis of existing mental health platforms.
